Lang dag ute i nydelig vær. Trette valper kort før de ble tatt inn for kvelden

A photograph of a garden scene. In the foreground on the left, a white wooden chair is partially visible. Next to it is a potted plant with green leaves and red flowers. A path leads from the center towards the right, where a body of water is visible in the background. The trees are mostly green, suggesting late summer or early autumn. The sky is bright and slightly hazy.

Fikk klippet en gang etter  
jeg tok bildet. Siste gang i år?

Rosene tåler litt nattefrost
