**Det drysser fortsatt jevnt
og trutt... 5.3.17**

**På grensen til at brøyting

**Kraftige vindkast gjør at lite

A winter scene featuring a snow-covered roof with dark tiles. Below the roof is a wooden building with a white door and window. In the foreground, a green metal fence is covered in snow. Two blue street signs are mounted on the fence, and a wooden sign is also attached. A small, snow-covered plant is visible in the bottom right corner.
