A photograph of a dense, overgrown garden area. In the background, there is a red wooden building with a door. The foreground and middle ground are filled with various plants, including green leafy vegetation, some with yellowing leaves, and bare, brown branches. The overall scene suggests a neglected or wild garden.

Naboens låve

A man wearing a blue and black striped long-sleeved shirt and dark pants stands in a narrow trench, looking towards a small white excavator. The excavator's arm is raised, and its bucket is positioned near the man. In the foreground, a rustic wooden fence made of vertical posts and horizontal rails runs across the frame. To the left, there are bare trees and a pile of dark soil. In the background, a red building with white window frames is visible. The scene appears to be a construction or landscaping site in a rural or semi-rural area.

A photograph of a pug dog and its puppies in a fenced yard. The pug is standing on the left, looking towards the right. Three puppies are sitting on the gravel ground to its right. The yard is enclosed by a wooden fence on the left and a chain-link fence on the right. A white trash bin is visible in the background. The ground is covered in gravel and some fallen leaves. The text "Minni og valpene lurer på hva som skjer på andre siden av gjerdet" is overlaid on the image in a white, serif font with a black outline.

Minni og valpene lurer på hva som skjer på andre siden av gjerdet

Hvor har det blitt av alle valpene?
Bare to igjen? Livets harde skole...

Midlertidig vann fra den gamle
brønnen til borevannet er klart

A black pipe is being installed in a trench under a white wooden structure. The pipe is laid on a concrete base. The text is overlaid on the image.

Huset er fra 1640.

Kanskje ikke så rart at den gamle,
lille kjelleren ser slik ut...
