

**Restene av en ødelagt parasoll - skal flytte den så den er midt i valpegården**

Restene av en ødelagt parasoll gjør nytte for seg et par dager til...

Janis har mange steder med skygge hele dagen - men foretrekker å ligge inne i det lune og kjølige hundehuset for det meste

**Tessa utnytter skyggen ute - en annen bak porten og resten inne i det store og kjøligere hundehuset**

**Må nok kaste disse presenningene om  
et par dager - men 2. pinsedag i dag så  
de får holde litt til**

Vær og vind gjør at presenninger for ly i regn og skygge i hundegårdene er ren forbruksvare

**2 fillete presenninger gjør litt nytte enda**

**Utnyttet delvis kasteklare presenninger litt bedre. Tydelig å se at de raskt finner ut hvor det er skygge - 1 bak porten 1 på trabulanten**

**Alle trekker inni skyggen når  
det blir så varmt som i dag**

RØMMINGA

A photograph of an outdoor area enclosed by a white metal fence. In the background, there is a green gazebo with a white tarp draped over its top. To the left, a green tarp is hanging from the gazebo's frame. Inside the fence, there are various items including a blue water bottle, a red shovel, and a small wooden stool. The ground is covered with gravel and some green grass. The background shows a wooden building with a large wheel and a dense forest.

**Madonna ble litt sur fordi jeg stengte dem inne. Hun ville hoppe ut da det var ryttere som red i full fart på jordene nedenfor veien...**

A photograph of a garden area. In the foreground, there is a gravel path. A white metal fence runs across the middle ground. Behind the fence, a green parasol is open, and a white tarp is draped over its frame. To the right, a yellow building with a wooden wheel on its side is visible. A red and black tool, possibly a lawnmower or trimmer, is leaning against the fence. A blue water bottle is on the ground near the tool. The background is filled with green foliage and trees.

på utsiden.**

**Madonna ville hoppe ut  
fordi det var hester på jordet, så måtte  
stenge dem inne. Jeg må være hos dem når de skal  
ut i utvidelsen...**
