MADONNA

instinct

**GAIA - middagshvil
etter mat
4.8.22**

A close-up photograph of a grey dog, identified as Eliss, looking out from a black wire crate. The dog's face is partially obscured by the vertical bars of the crate. The dog has a dark collar around its neck. The background is a light-colored, possibly white, fabric. The lighting is somewhat dim, creating a somber atmosphere.
